Linking Up Usk

Any other comments?

- This is a fantastic proposal to improve leisure facilities for Usk and wider area / Great idea / Would love to see it open / It's a good thing for Usk / A good idea / We need more routes!
- It needs to be off road / route are busy, I would walk and cycle more if it was developed / off road for kids who want to learn how to cycle
- Good tourism opportunity. Would allow to visit the Llandegfedd Reservoir
- It's great for the community: we need more safer, flat, off road routes for families
- It would be good to have circular routes
- It needs facilities along the route: bike parking, gym, etc.
- Think about bike schemes
- Think about geocaching for kids
- green social prescriptions
- It's a shame we can't go through the BAE site. The section on road could be dangerous
- It should look like the Tarka Trail!
- It would be the perfect next stop for this fantastic tour (Tour de France)
- We also need safer paths around Usk
- It would be nice to have the same between Gwernesney and Raglan and between Pontypool and Goytre Wharf
